

South Miami-Dade

WATERSHED STUDY AND PLAN

Planning for a sustainable, healthy environment and economy

What is the South Miami-Dade Watershed Study and Plan (SMDWSP)?

The SMDWSP is a comprehensive planning effort that will provide the framework for making land use decisions over the next 50 years.

The SMDWSP includes a study of the region's population, economy and environment. It will analyze the effect of projected increases in population growth on infrastructure; agricultural, industrial and urban land uses; property rights; pollution; water resources (with emphasis on Biscayne Bay) and natural resources.

The SMDWSP will result in a long-term plan, uniquely designed to balance the various competing interests in South Miami-Dade County and provide for a sustainable, healthy environment and economy.

You are invited to attend a public meeting regarding the

South Miami-Dade Watershed Study and Plan

Your input is Vital!

Please attend one of the public meetings scheduled below:

Florida International University (FIU)

Management Advanced Research Center (MARC) Building
University Park Campus
SW 107th Avenue and SW 16th Street, Miami, FL 33199

Directions: Enter the main campus of FIU at the SW 107th Avenue entrance. Follow SW 107th Avenue around the traffic circle until it ends directly in front of the MARC Building. Parking is available in each of the two parking garages on the left and right sides of the MARC Building. The meeting will be held on the second floor in the International Pavilion.

Meeting One

**Thursday, September 30th
from 7:00 PM until 9:00 PM**

Meeting Two

**Thursday, October 7th
from 7:00 PM until 9:00 PM**

Miami Dade College (MDC)

Homestead Campus
Building F, Room 222
500 College Terrace, Homestead, FL 33030

Directions: Enter the campus through Parkway Street. Follow the parking banners and park in the East Parking lot, located directly in front of building D and F. The meeting will be held on the second floor of the Aviation Building (F).

The same material will be discussed at both meetings.

For more information on the public meetings or directions to either campus, please contact Kim Giles at 800-488-1255 or visit the SMDWSP website.
